BARCELONA – Operating Standards: Update, Discussion, Next Steps
Wednesday, October 24, 2018 – 15:30 to 16:45 CEST
ICANN63 | Barcelona, Spain

LARS HOFFMAN:	Welcome, everybody. This is the [update] session for the ICANN Organizational Review Operating Standard – sorry, Specific Review Operating Standards – on Wednesday, the 24th of October at 13:30 UTC.
	We have a very low turnout, so we're going to not hold the session. If you're listening to the record on the ICANN 63 website, there will be a link below the recording that points you to the webinar that was held on the 4th and 5th of October which has the exact same presentation and content. If you've got any questions, you can contact MSSI secretariat or myself, lars.hoffman@icann.org.
	The next steps will be for the operating standards to be updated following on the feedback from the webinar on the 4th and 5th of October and then they will go out for public comment in December 2018 with the anticipation of them being adopted by the board in March or April 2019. Thank you very much.
